Shelby Mansker

Software Architect at BuildOn Technologies
Houston, Texas, United States

Summary

Application Programmer and Project Manager. Interested in leading small teams of programmers implementing Agile processes. Experience with SCRUM. Interested in teams using leading edge .NET technologies.

Specialties: C#, TFS 2010, HTML, CSS, PHP, JavaScript, SCRUM, Agile Development

Experience

BuildOn Technologies

Software Architect

January 2020 - Present (6 years 5 months)

Houston, Texas, United States

ePlanPartners

Programmer

November 2013 - January 2020 (6 years 3 months)

Catapult Systems

Programmer

August 2013 - November 2013 (4 months)

I was contracted by ROI Staffing to work with Catapult Systems, who had me work for a company named ePlanPartners. ePlanPartners is associated with Wisenbaker.

I helped ePlanPartners with several .NET projects, including VB.net and ASP.NET MVC apps.

I was offered a full-time position with ePlanPartners, which I was happy to accept.

Pitsco, Inc.

Development Technology Manager

August 1998 - May 2013 (14 years 10 months)

Planned and managed projects, led SCRUM processes, instrumented continuous integration techniques, and more. I was considered a working manager at Pitsco, which means that I also wrote code while managing the team.

Education

Pittsburg State University

BS, Computer Science · (1994 - 1997)
